noted in the margin, the following revised rules relating to the recruitment of the Provincial Forest Service in Bengal and the selection of Bengal candidates for deputation to the Ranger Service Course at the Forest College at Dehra-Dun are published for general information:—

I.—Rules for the recruitment of the Provincial Forest Service.
Extract from Rules for the Provincial Service Course at the Forest Research Institute, Dehra-Dun.

5. **Allotment of studentships.**—The maximum number of students to be admitted annually during each succeeding period of three years will be decided by the Board of Forestry at its triennial meetings. Within this number studentships will be assigned to the various provinces by the President who, after satisfying their requirements, may also assign vacancies to British Possessions, Indian States, etc. The President is empowered to refuse an application for a studentship without assigning any reason.

In January of the year preceding that in which the course will commence the President will enquire of Local Governments and States the number of vacancies they desire, and all applications for nominations must be communicated to the President by the 1st April of that year. All nominations will be allotted and communicated to Local Governments and States concerned by the 15th April. Should any nomination not be accepted, the President should be informed by as early a date as possible so as to permit of his transferring the nomination elsewhere.

6. **Qualifications.**—Local Governments may prescribe such educational qualifications as they please for candidates whom they propose to depute to the Provincial Service Course, subject to the condition that only those who are in all respects qualified by previous education, more especially in English and Mathematics, thoroughly to follow and profit by the course of instruction should be nominated. It should also be noted that a substantial knowledge of one or more branches of natural science is very desirable.

7. **Physical test.**—It is left to Local Governments to prescribe any physical test they please. Should a student at any time during the course be found to be physically unfit, the President may remove him from the Institute.

8. **Qualifying entrance examination—English.**—The test in this subject is left to Local Governments; it might suitably consist of *précis writing*, dictation and conversation.

Mathematics.—The examination will consist of two papers—one in Arithmetic and Algebra and the other in Geometry and Trigonometry—to each of which three hours will be allowed. The papers will be sent under sealed cover to Local Governments. After the examination has been held on the date fixed, answers will be forwarded under sealed cover to the President, Forest Research Institute, direct.

The standard in mathematics is a practical knowledge of Arithmetic, Algebra, up to and including quadratic equations and simple problems, Mensuration, Geometry (including the first 3 books of Euclid) and Elementary Trigonometry, including the solution of triangles and the use of logarithms. No candidate who fails to obtain half the full marks in each paper will be considered to have passed.

The examination will be held in the 1st August at Dehra-Dun and other centres to suit the convenience of Local Governments, the date fixed being communicated by the President in June.

With the permission of the Local Governments concerned, candidates from Indian States and private students will be examined at these centres.

A successful candidate will not without re-examination be eligible for admission to any course, save that immediately following the examination at which he has qualified, provided that for special reasons this rule may be relaxed under the orders of the Inspector-General of Forests.

There is no restriction to the number of candidates who may be permitted to appear at this examination by Local Governments and Indian States to whom nominations have been allotted by the President, Forest

Research Institute. Local Governments and Indian States to whom nominations have not been allotted are also permitted to send candidates to this examination, but these candidates, even if they qualify, will be admitted to the Institute only provided that a sufficient number of qualified candidates is not available from Provinces and States to whom nominations have been allotted. Local Governments and Indian States should inform the President by the 1st June in each year of the number of candidates they desire should appear for this examination, in order that the requisite number of examination papers should be supplied.

9. **Categories of students.**—There are four categories of students:—

- (a) Government probationary students, stipendiary or non-stipendiary.
- (b) Students deputed by Indian States and British Colonies, etc.
- (c) Students already in Government service.
- (d) Private students.

(a) Government probationary students are those nominated by a Local Government as probationers for the Provincial Service.

(c) Students already in Government service may be deputed at the discretion of Local Governments, provided that they pass the examination prescribed in rule 8.

(d) Private students can be admitted only if there are vacancies after the demands of (a), (b) and (c) above have been satisfied. Their chief *raison d'être* is to meet a possible demand on the part of large landowners who may wish to place their forest areas under professional management.

10. **Submission of applications.**—In the case of Government probationary students, applications must be made to the Chief Conservator or Senior Conservator or Conservator of the Province concerned, or in the manner prescribed by the Local Government; in the case of students from British Colonies they should be made in the manner prescribed by the Governor of the Colony concerned. In the case of students deputed by an Indian State all applications for studentships must be endorsed by some responsible official, such as an Agent to the Governor-General, a Resident, a Political Agent, a Superintendent or a Deputy Commissioner, to ensure that the studentships asked for are based on the actual requirements of that State only. As a rule those who have already been through the Rangers' course at the Forest College will not be accepted.

In the case of *private students*, applications for nominations must be made to the President direct; they should be supported by the certificates detailed in rule 12 and by the production of evidence to show that the candidate possesses a good general education.

11. **Age.**—Candidates must be between the ages of 18 and 25 on the 1st April in the year in which the course begins.

Local Governments may for special reasons relax this rule in the case of candidates of categories (a) and (c) of rule 9, and the Inspector-General of Forests has similar power in respect of candidates of categories (b) and (d).

12. **Certificates.**—With their applications candidates must furnish the following certificates (this does not apply to those already in Government service):—

- (a) A certificate that the candidate is a "Native of India" within the meaning* assigned to those words by section 6 of 33 Vict., Cap. 3.

N.B.—This certificate may be omitted in the case of private students and of students deputed by British Colonies.

- (b) A certificate of age.

(c) A health certificate in the form prescribed by article 49 of the Civil Service Regulations, 5th edition, signed by a Civil Surgeon and testifying to the candidate's sound constitution, good vision* and hearing, and general physical fitness for a rough outdoor life in the Forest Department, and to the fact that he bears on his body marks of successful vaccination or of small-pox.

- (d) A certificate showing that the candidate is of good social standing and good moral character, and is likely to make a good executive Forest Officer.

* "Native of India" means any person born and domiciled within the dominions of His Majesty in India, or within the territories of Indian princes tributary to or in alliance with His Majesty, of parents habitually resident in India and not established here for temporary purposes only. (Article 37, Civil Service Regulations, 1915.)

Certificates (c) and (d) must bear date not earlier than the 1st January of the year previous to that in which the candidate desires admission to the Forest Research Institute: the latter certificate must be signed by a Conservator of Forests of the Imperial Forest Service, District Officer, Political Agent, or a British Government Gazetted Officer of high standing.

The Inspector-General of Forests may, should he consider it desirable, relax any of the conditions imposed under the foregoing portions of this rule.

In the case of candidates included in categories (b) and (d), rule 9, the above certificates should be forwarded to the President when the names of candidates are communicated to him.

13. **Preliminary training.**—It is left to the discretion of Local Governments &c., to test the suitability of their candidates for a Forest career by a period of practical training in the forests before they enter the Institute: special attention being paid to physical fitness.

During such training candidates will receive such consolidated allowance as may be ordered by the Local Governments, &c.

14. **Stipends.**—

(1) *Government probationary students.*—It is left to Local Governments to award stipends in such manner as they please, provided that the total for 24 months' course does not exceed Rs. 2,400, i.e., does not exceed an average rate of Rs. 100 per mensem. In the event of a stipend being awarded, it will ordinarily consist of—

- (a) a sum not exceeding Rs. 100 per mensem for the duration of the course or a portion thereof;
- (b) in lieu of the above, a lump sum to be paid on a candidate's successfully obtaining such certificate as may have been agreed upon;
- (c) partly the one, partly the other of the above.

(2) *Students already in Government service.*—Such officers will, while at the Institute, draw the pay and travelling allowances of their grade in the service, or a stipend not exceeding Rs. 100 per mensem in place thereof as the Local Government may decide.

It must clearly be understood that there is no guarantee that a stipend will cover the whole cost of living, &c., at the Institute.

* * * * *

27. *Travelling allowance of Government probationary students.*—Such students will be granted actual expenses on tour as passed by the President, including single second class fare by rail or steamer for the student, fare of one servant and freight of a bicycle where necessary.

Rules for the recruitment of candidates for the Provincial Forest Service in Bengal.

1. Appointments to the Provincial Forest Service shall be made—

- (a) by promotion of Forest Rangers of long service and tried probity, irrespective of the educational qualification they may hold;
- (b) by the selection for direct appointment of candidates, who must successfully pass through the Provincial Forest Service Course

* Standard of vision required for the Provincial Forest Service :—

(1) If myopia in one or both eyes exists, candidate may be passed provided the ametropia does not exceed 2.5D, and if with correcting glasses, not exceeding 2.5D, the acuteness of vision in one eye equals $\frac{5}{100}$ and in the other $\frac{3}{100}$, there being normal range of accommodation with the glasses.

(2) Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed 2.5D, the acuteness of vision in one eye, when corrected, being equal to $\frac{5}{100}$ and in the other eye $\frac{3}{100}$, together with the normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

(3) A candidate having total hypermetropia not exceeding 4D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{5}{100}$, and in the other eye equals $\frac{3}{100}$ with + 4D, or any lower power.

(4) Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4D, and that the sight of one eye equals $\frac{5}{100}$ and of the other $\frac{3}{100}$, with or without such lens or lenses.

(5) A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{1}{100}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye which are not referred to in the rules may exclude a candidate for admission into the service.

(6) Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of the candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

- at the Forest Research Institute, Dehra Dun, and thereafter render not less than two years' satisfactory service as Probationary Extra Assistant Conservator, of Forests before being confirmed.
2. The pay of Probationary Extra Assistant Conservator of Forests will be Rs. 150 per mensem for the first two years; and thereafter until they are appointed to vacancies in the sanctioned cadre of the Provincial Forest Service, pay not exceeding Rs. 200 per mensem may be given at the discretion of the Local Government.
3. Candidates for nomination to the Provincial Service course at the Forest Research Institute must possess the following minimum educational qualifications:—

- (i) a certificate of having passed the I.Sc., I.E., or I.A. examination of an Indian University in a group of subjects including Mathematics, or
- (ii) the Licentiate of Agriculture degree of a Government Agricultural College, or
- (iii) if a European, the Junior School certificate awarded in connection with the Cambridge Local Examination in a group of subjects, including Algebra, Geometry and Trigonometry.

4. Applications should be submitted to the Conservator of Forests, Bengal, through the Collector of the district in which the candidates reside, or through the Divisional Forest Officer if the candidates reside in a Forest Division: applications should be accompanied by the certificates prescribed by rule 12 of the Research Institute admission rules, and by the educational certificates prescribed under rule 3 above as well as by a declaration whether or not he has at any time been pronounced unfit for Government employment by the Medical Board at the India Office, or any other duly constituted medical authority. From the applications received the Conservator of Forests may make a preliminary selection, and candidates so selected will be required to undergo the qualifying examinations in English and Mathematics prescribed by rule 8 of the Forest Research Institute admission rules. The qualifying examination in English and Mathematics will be held in Writers' Buildings, Calcutta. The examination in Mathematics will be that prescribed in rule 8 of the admission rules of the Forest College. The Conservator of Forests, Bengal, or a Deputy Conservator of Forests selected by him, will conduct the examination in English, which should be held a day before or after the date of the examination in Mathematics, and will decide the result. The object of the examination in English is to test thoroughly the capacity of candidates to follow the course of instruction given at the College. Two passages will be read out (not dictated) to the candidates at a fair speed. Each candidate will then be required to write a full *précis* of the passages, in order to show that he has grasped the salient points. There will also be a colloquial examination. On receipt of the results of those examinations the Conservator of Forests may select from the candidates who have qualified at those examinations not more than twice the number of men required to be deputed to the course in the ensuing year, and those selected candidates may be required to undergo a course of preliminary practical training in such Forest divisions as the Conservator may direct, which may extend over a period of not less than four and not more than six months.

During this course, candidates will be granted a monthly allowance of Rs. 40, which is intended to cover their expenses. The Conservator of Forests will dispense with the services of any candidate whose work or conduct during this period may prove unsatisfactory or whose physical fitness appears to be defective.

The final selection of candidates will be made by Government.

5. While at the Forest Research Institute the selected candidates will be given a monthly stipend of Rs. 50, which will be supplemented by a bonus of Rs. 1,000 at the end of the course to those candidates who pass with "Honours," and who are well reported on by the President. The amount of the bonus is reducible by Government in the event of the report not being entirely satisfactory.

6. The "actual expenses" incurred by probationary students on journeys by rail or steamer (1) while proceeding to join the Institute for the first time and finally returning therefrom, and (2) while undergoing the course at the Institute will be defrayed by Government. For the purpose of this rule, probationary students will be considered as officers of the second class, under article 1002, Civil Service Regulations.

They will get actual expenses, as passed by the President or, when proceeding to and from the Institute, by the officer authorised to countersign

bills for these travelling expenses, which include single second class fare by rail or steamer for the student, single third class fare of one servant, the freight of a bicycle, where necessary, and such luggage as is passed by the President or such officer.

7. On the nomination of candidates they will be required—

- (i) to sign an agreement binding themselves to work diligently while at the Institute and to serve Government for not less than five years after passing out of the Institute;
- (ii) to find two sureties to execute a bond in the prescribed form guaranteeing that, under special circumstances therein detailed, they will refund all money expended by Government on the nominee's behalf, etc.

II. Rules for the selection of candidates for deputation to the Ranger Service Course at the Forest College, Dehra-Dun.

Extract from the Rules for the Ranger Service Course at the Forest College at Dehra-Dun.

5. **Allotment of studentships.**—The total number of students of each category who can be admitted into the College each year will be limited to such number as the President, subject to the orders of the Inspector-General of Forests and the Government of India, may decide, from time to time, can be educated at the College. The number of studentships to be allotted each year to the respective provinces will, with due regard to the total prescribed, be decided by the President, after consultation with the various administrations as to their requirements, and will be communicated to them not later than the 15th August.

6. In allotting nominations to Local Governments, Colonies, or Indian States, the President will allow a margin for possible casualties between the dates of nomination and of actually entering the College. And when a Local Government, Colony or Indian State cannot for any reason utilize the full number of studentships allotted, it should immediately inform the President, so that the vacancies may be filled up with other candidates in time to permit of the prescribed preliminary training being undergone.

7. **Categories of students and candidates.**—There are four categories of students—

- (1) private students;
- (2) Government probationary students, stipendiary or non-stipendiary;
- (3) students deputed by Indian States and British Colonies;
- (4) students already in Government service.

Private students comprise all those students who are without appointments in any Forest Service, who have not entered into an agreement to serve any Government or Administration, and whose object it is, by becoming possessors of the Forest College certificates, to obtain employment either in the Forest Service of the Government of India or in that of a Native State, or some other owner of forest property.

Government probationary students comprise those who have been selected by any Government for appointment in its Forest Service.

According to the class of studentship applied for, candidates are classified under the four categories defined above.

The President is authorized to admit candidates, as an exceptional measure, who for some valid reason (such as being the subjects of an Indian State or foreign countries) have had no opportunity of securing any of the certificates mentioned above, provided that in his opinion the candidates possess the educational qualifications necessary to profit by the College course.

The Inspector-General of Forests may, should he consider it desirable, relax any of the conditions imposed under rules 8, 9 and 10.

11. Upon the receipt by the Conservator of any application in respect to which the preceding conditions shall have been observed, that officer may reject the application without assigning any reason for so doing; but if he accepts it and the applicant is a candidate for Government service, he should be seen by a Conservator of a Forest Circle, when this can be conveniently arranged, or by some officer of the Imperial Forest Service, who should record his personal opinion in regard to the suitability of the candidate.

12. Those candidates who have been approved will, with the permission of the Local Government in the case of Government probationary students, and under the Conservator's recommendation in the case of private students, and that of the Durbars in the case of candidates from Indian States, be eligible for nomination to the College, and their certificates, as detailed in rule 10 above, should be sent to the President not later than the 1st August in each year.

13. **Preliminary training.**—All candidates not already in the service of Government, who have been accepted by the President for admission to the College, will be required to undergo, before joining the College, a course of practical training in the forests of the province from which they come, lasting at least three and a-half months. Such candidates will not be allowed to join the College unless they can produce a certificate signed by the Divisional Officer under whom they have served, and countersigned by the Conservator of the Circle, or in the case of Indian States by the Durbar, that they have undergone the course of practical training in a satisfactory manner and are likely to become useful Forest Officers. The President may exempt a candidate from the whole or a portion of the practical course above prescribed, after satisfying himself that the omission to complete the minimum prescribed term was due to no fault of the candidate, and that the Conservator, under whom the candidate had undergone part of this period of training, had certified that he has given promise of making an efficient Forest Officer.

14. **Stipends or scholarships.**—It is left to Local Governments to award stipends or scholarships in such manner as they please, provided that the total for the 24 months' course does not exceed Rs. 1,200, *i.e.*, does not exceed an average rate of Rs. 50 per mensem. In the event of scholarships being awarded, the general methods of assigning such will be—

- (a) a stipend not exceeding Rs. 50 per mensem for the duration of the course or a portion thereof;
- (b) in lieu of the above, a lump sum to be paid on a candidate's successfully obtaining such certificate as may have been agreed upon;
- (c) partly the one, partly the other of the above.

15. **Allowances.**—Government probationary students, while under training in the forests of the province from which their names have been sent up, will receive travelling allowance at the rate of Rs. 25 per mensem, to enable them to defray their travelling expenses during the course of the practical training referred to in rule 13. This allowance will be met from the budget grants of the local Forest Departments, and will be paid only under the countersignature of the Conservator of the Circle concerned.

(II).—Rules for candidates in category (4).

16. Candidates in *Government service*, who may be deputed to the Forest College, will be ordinarily—

Such officers may be deputed by Local Governments, provided that they are certified by the Conservator under whom they are serving to possess a knowledge of English and general education and ability sufficient to enable them to profit by the course. They must not be above 30 years of age on entering the College, and need not go through the practical training referred to in rule 13. While at the College, they will draw the pay of their grade and the travelling allowances to which they may be entitled under the Civil Service Regulations.

- (b) Other members of the Subordinate Forest Service (Deputy Rangers, Foresters and other subordinate officials) similarly desirous of qualifying for promotion, who may be deputed by Local Governments, provided that:—

- (i) they have been in that service for not less than two years;
- (ii) they are under 25 years of age on entering the College;
- (iii) there is accommodation at the College and that the President is satisfied that the candidate possesses the necessary qualifications.

NOTE.—The Inspector-General of Forests is empowered to relax rules (i) and (ii).

Such officers will, while at the College, draw the pay and travelling allowances of their grade in the service, or a stipend not exceeding Rs. 50 per mensem in place thereof, as the Local Government may decide. They will not be required to undergo the practical training.

- (c) Indian Non-Commissioned Officers of His Majesty's Army.*

* See Appendix for rules regarding Native Non-Commissioned Officers of His Majesty's Army.

30. *Travelling Allowance of Government probationary students.*—Such students will not ordinarily be entitled to travelling allowance, being expected to defray their expenses when on tour; but it is left to Local Governments to sanction the payment of actual expenses for journeys by rail or steamer.

Rules for the selection of Bengal candidates for deputation to the Rangers' Service course at the Imperial Forest College, Dehra-Dun.

1. The number of candidates to be selected annually will depend on the requirements of the department, but ordinarily will not exceed four.

2. Candidates for these appointments should apply to the Conservator of Forests, Bengal, through the Collector of the district in which the candidates reside, or through the Divisional Forest Officer if the candidates reside in a Forest Division; applications should be accompanied by the certificates prescribed by rule 10 of the rules of the Forest College at Dehra-Dun relating to the Rangers' Service course, as well as by a declaration whether or not he has at any time been pronounced unfit for Government employment by the Medical Board at the India Office, or any other duly constituted medical authority.

From the applications received, the Conservator of Forests will make a preliminary selection of not more than twice the number of men to be deputed to the Rangers' course at the Forest College in the ensuing year and candidates so selected will be required to undergo the preliminary training referred to in rule 13 of the College rules relating to the Rangers' class. The Conservator of Forests will dispense with the services of candidates whose work or conduct at any time during this training is unsatisfactory.

The final selection of candidates for deputation to the Forest College will be made by the Conservator in accordance with the results of the preliminary training, preference being given to the men who are considered likely to make the best Forest Officers.

3. While at the Forest College, the selected candidates will be granted a monthly stipend of Rs. 35, which will be supplemented by a bonus of Rs. 360 at the end of the course to those candidates only who pass the course with "Honours." No bonus will be given to candidates who merely obtain the Higher Standard certificate. Selected candidates will be obliged to execute the agreement and security bond prescribed by Government.

NOTE.—Copies of the agreement and security bond to be executed under rule 3 can be obtained from the Conservator of Forests, Bengal.

4. The "actual expenses" incurred by probationary students on journeys by rail or steamer (1) while proceeding to join the Institute for the first time and finally returning therefrom, and (2) while undergoing the course at the College, will be defrayed by Government. For the purpose of this rule, probationary students will be considered as officers of the third class under article 1002, Civil Service Regulations.

They will get actual expenses, as passed by the President or when proceeding to and from the Institute, by the officer authorised to counter-sign bills for their travelling expenses, which include single Intermediate class fare by rail or steamer for the student, single third class fare of one servant, the freight of a bicycle, where necessary, and such luggage as is passed by the President or such officer.

5. Candidates who obtain the Higher Standard certificate of the Forest College at the completion of the two years' Rangers' course, with or without "Honours," will be appointed Rangers on monthly salaries of not less than Rs. 50. Under similar circumstances, candidates who obtain the Lower Standard certificate will be appointed Deputy Rangers on monthly salaries of not less than Rs. 30.
